

ILLINOIS DEPARTMENT OF CORRECTIONS

Coronavirus / COVID-19 Situation Report #408 April 22, 2021

Objectives

- Provide for the safety of staff, offenders and the public.
- Collect daily information to create a common operating picture of the agency.
- Update Department's Pandemic Plan to reflect Department of Health and Centers for Disease Control guidance for prevention, mitigation, and response to COVID-19 and implement as needed.
- Maintain DOC COVID-19 Critical Incident Command Post.
- Communicate timely and accurate information to staff, offenders and stakeholders.

Key Messages

- Remain calm, ensure staff, offenders, volunteers, and families feel safe.
- If you are ill, stay home. Work with your supervisor if telework is an option.
- Use normal hygiene techniques to prevent illness – handwashing, coughing into elbow, etc.
- Visit the IDPH, IDOC and CDC websites for up to date information or call the IDPH hotline 800-889-3931.

Agency Actions

The Department of Corrections has updated our comprehensive Pandemic Influenza Plan. In an effort to prevent the spread of communicable and infectious disease, this Plan provides guidance, prevention techniques, education, identification through examination of staff and offenders suspected of having a communicable disease, surveillance, immunization, treatment, follow-up, isolation and reporting. This plan also addresses medical and operational needs with comprehensive instructions and oversight for the Agency.

Via email all staff received the following: Safety Measures memo; Visitor Medical Screening Questionnaire; Medical Screening for Employees form; Medical Screening for all Intakes and Parolees Form; a detailed Guidance and Preventative Measures memo; and all offenders received a Safety Measures memo.

Executive staff received an Operations Briefing document that outlined the ICS Organizational Structure that will be followed throughout this event. This document also outlined the critical processes by Department. Critical staffing numbers were also provided as well as a listing of supplies in stock at each facility (i.e. cleaning supplies, PPE, etc.). The Agency Continuity of Operations Plan (COOP Plan) was updated and outlines the Departments succession planning.

HR is working closely with CMS to develop a work-from-home policy for those staff that can complete their assigned duties from home.

All offenders received at our Reception and Classification Centers as well as all parole violators returned to a facility will now undergo a medical screening that specifically references COVID-19 exposure. All staff that are experiencing symptoms similar to those with COVID-19 will receive a medical screening.

ILLINOIS DEPARTMENT OF CORRECTIONS

Information has been placed on our website as well as social media sites advising visitors not to visit if they feel sick with a fever, cough, or are experiencing difficulty breathing—and we are encouraging friends and family that may be sick and not able to visit to keep in contact during this time utilizing video visiting, telephone calls and electronic and regular mail correspondence.

Orders have been placed for hand sanitizer for all of our facility's. This will contain alcohol. Operations has drafted guidance on the inventory and placement of this item. In addition, ICI will begin producing bars of soap and provide cases to facility's to ensure that all offenders have soap in their assigned living area.

Staffing schedules have been established for the State Emergency Operations Center upon activation.

AGENCY TIMELINE

Date:	Sent By/ Participated	Target Group:	Activity:	Notes:
3/4/20	Chief Eilers	All Facilities	Contingency Plan Reviews	All facilities advised to revise Facility Strike Plans to ensure plans are in place for large staff shortages.
